Assembly Sequence

English:

Attention – Follow the assembly instruction sequence has you can see in the photos.

• **1st** : Aluminum Engine protection part and kit of components. Apply strips on the insides of the central part of the protection in order to stay between the frame of the bike and the Aluminum protection.

• **2nd** : Mount Protection on the motorcycle first rear part using Item Nº1 (Screw) and Item Nº2 (Clip inox) previously mounted on the rear part of the frame

• **3rd** : Apply origin Screw on the front of the Protection and in to the frame.
